

Foundation design and level review note - revision 1

Document CIV-STR-001; transmittal UOB-DOC-2026-021; issued 2026-10-01.

Scope: teaching laboratory building foundations and excavation-level coordination.

Check survey datum, foundation formation levels, groundwater observations, access and spoil disposal before executing additional excavation.

Maintain separate original and revised quantities; route changes through the change-order process.

Revision 1 establishes the coordination checklist.

This illustrative review note is not a structural design calculation, licensed drawing, approval to build or engineering certification.

Evidence handling: upload this file to the matching workflow record. Preserve the generated reference and the decision history in EPM.
